North Cyprus Log Homes Log homes are becoming more and more popular around the world. These log homes are exported to various countries worldwide, e.g. Ireland, Germany, France, Portugal, Turkey, The Netherlands, and Denmark as well as to Japan, Korea, Mexico, Dominican Republic and Canada. Apart from the convincing features of log homes the manufacturer has taken special care of environmental aspects and is responsible for the planting of thousands of trees annually in National Forests. Owning a Log Home is a dream for many people and here in North Cyprus that dream can come true. In the Mediterranean sanctuary of unspoilt beauty, which is Northern Cyprus, now is the time to achieve what you have always wanted! A luxurious home under blue skies, close to crystal clear waters with a dramatic mountain backdrop. There are a vast array of activities to enjoy in Northern Cyprus, a round of golf, many sporting activities, stroll on the virgin sandy beaches, walk in the mountains or have a meal by the sea in one of many great restaurants and watch a fabulous sunset which you never thought existed. In winter you can ski on the picturesque Trodos mountain range which is an easy 90 min drive away. An exciting night life can be found along the harbour and in the many complexes and casinos on the island, and for the more adventurous, the famous towns of Ayia Napa & Protaras are a short drive South of Famagusta on the East of the island, only an hours drive away. This is a development of 23 private homes each in their own 600 to 1300 sqm plot with private swimming pool. The plots are close to the picturesque village of Esentepe, with its new 18 hole championship golf course and a short drive from the harbour town of Girne (Keyrina). The homes will be located in a perfect woodland setting with stunning unrestricted views of the clear blue Mediterranean Sea and the Five Finger range of mountains. You may choose from four individual home types, some with exposed basements and integral garages. The homes will be sold from plan with a stage payment structure available if required.
